EXPERIENCE

Web Director | Design Interactive

May 2026 - Present

- **Maintain and improve our organization's website** by updating events, forms, resources, and meeting info while ensuring accessibility, usability, and SEO best practices.
- **Manage the DI Resource Hub** and build pages or interactive elements (signup forms, workshop pages) to support programming in coordination with Communications, Education, and Marketing teams.

Graphics & Motion Designer | QuackHacks Hackathon

February 2025 - September 2025

- Designed the event's brand identity in Figma and Illustrator, **increasing sign-ups by 35%** and **online engagement by 30%**.
- Produced promotional graphics and signage to **reinforce brand consistency** across digital platforms, social media, and physical event materials.

PROJECTS

UI/UX Designer | Reliable Residence

Figma, Adobe Illustrator

- Optimized user flow for a startup platform connecting traveling workers with on-demand housing.
- Reduced average search time by 40% through streamlined navigation and a new map feature.

Graphic Designer | Design Interactive

Figma, Adobe Photoshop, Adobe Illustrator

- Conceptualized and iterated multiple **T-shirt designs** within strict color and style guidelines.
- Final design was selected among six submissions for the organization's **first official merchandise release**.

Frontend Developer | SwishScan

Swift, SwiftUI

- Designed and developed a **SwiftUI-based iOS interface** for basketball shooting form analysis.
- Engineered **interactive data visualizations** to present performance metrics in a clear, actionable format.

EDUCATION

Bachelor of Science | University of Wisconsin-Madison

September 2025 - Present (Expected May 2027)

- **3.96 GPA**, Major in Computer Science, Certificate in Graphic Design.
- Dedicated member of Design Interactive, the Software Development Club, and the CineMadison Film Club.
